Safety and maintenance

1. IMPORTANT SAFETY WARNING.

- Don't allow children to touch moveable part of this product.
- Please use well-grounding power supply suited to this product.
- Please pull out the plug after use or before cleaning to avoid injury or Damage to the product.
- Please operate this product according to this manual instruction.
- Don't use accessories which are not recommended.
- Don't use this product outdoors.
- Please read this manual instruction carefully before operation.
- Any other usage that is not listed in this manual instruction is forbidden.
- 20 minutes of usage each time is recommended.
- Please don't use it if the leather is broken or damaged.
- Please don't use it if the cover or leather is damaged.
- Please don't use it if the radiator hole is covered or blocked.
- Please don't drop anything into this product.
- Please don't fall asleep while using this product.
- Please don't use it if drunk or feel unwell.
- Please don't use it within one hour after having meal.
- Please don't make the massage function too strong for avoiding Injury.

2. Environment for usage.

- Please don't use it under high temperature and moist environment such as bathroom.
- Please don't use it immediately while the environmental temperature changes sharply.
- Please don't use it under heavy-dusty or caustic environment.
- Please don't use it where there is not enough space or not good ventilation.

3. People who are not suitable to use this product.

- People who are suffering from osteoporosis are not suitable to use this product.
- People who are suffering from heart disease or carrying electronic medical equipment such as heart pacemaker are not suitable to use this product.
- People who are suffering from fever are not suitable to use this product.
- Pregnant women or women that are in menses period are not suitable to use this product.
- People who got injured or skin disease are not suitable to use this product.
- Children under 14-year old or people mentally unbalanced without being Supervised are not allowed to use this machine.
- People who are told by doctor to have rest or people who feel unwell are not suitable to use this product.
- People whose bodies are wet are forbidden to use this product.
- The appliance has a heated surface. persons insensitive to Heat must be careful when using the appliance.

4. Safety.

- Check the voltage if it is suitable to the specification of this product.
- Don't use wet hand to pull the plug.

Safety and maintenance

- Don't make water go inside this product to avoid electric shock or cause damage to this product.
- Don't damage the wires or change the circuit of this product.
- Don't use wet cloth to clean the electric parts such as switch and plug.
- Be away from this product under power cut state to avoid injury if the power comeback suddenly.
- Stop using this product while it works abnormal, and please consult local agent immediately.
- Stop using this product if you feel unwell, and please consult health care doctor.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.
